Paris, KY 40361

 The Charles Young Center  
540 East Third Street  
Room 202  
Lexington, KY 40508

**WAYPOINT'S MISSION** is to create an access point for families and individuals, and to provide vital programming to people living in underserved neighborhoods and communities of color across the Bluegrass. Each WayPoint Center brings together the region's most effective nonprofit, government, and business organizations to leverage their strengths against our community's biggest issues. These centers bring a customized suite of programs to our communities who need them most, building resilience one family at a time by growing financial stability, ensuring basic needs are met, supporting school-aged children, and much more.

## LIVE UNITED

Change can't happen alone. We are in this together, and it's your support that helps drive lasting change. Together, we will win by finding new solutions to old problems, mobilizing resources, fighting for equality in our community, and forging impactful partnerships to create lasting change for everyone. United we fight. United we win.

**MUCH HAS CHANGED** since March 4, 1921 when our organization was founded, though our mission has remained consistent as we continue to fight for every person in every Central Kentucky community that we serve.

**100 YEARS LATER, WE ARE STILL HERE TO SUPPORT OUR NEIGHBORS.** As we look ahead, we face many unique challenges to ensure that every person has equitable access to the tools they need to achieve financial stability, physical and mental health, and long-term success.

We can face these challenges together.

**When we Live United, we can accomplish so much more than any of us could on our own.**

Visit [uwbg.org](http://uwbg.org) for more information.

**Thank you!** Every donor who provides their home address will receive a voucher for two box seats to a 2022 home Lexington Legends baseball game. Thanks to the Legends for this opportunity!
