

**2019-20 ONE-YEAR PROGRAM REPORT**  
**Partner Agency Data Highlights**

## **Executive Summary**

The official mission of the United Way of the Bluegrass (UWBG) is to “fight for the education, basic needs, and financial stability of every person in the Bluegrass.” The “Bluegrass” refers to our regional service area, known as the Bluegrass Region, which includes Fayette, Anderson, Bourbon, Clark, Jessamine, Madison, Montgomery, Scott, and Woodford counties (Franklin now included as of August 1, 2020). UWBG works cooperatively with partners – businesses, volunteers, individuals, and nonprofit agencies – to invest our resources (about \$1.5 million in grant and fundraising revenue) towards programs aligned with UWBG’s mission.

UWBG operates three programs via state or federal grants, including 2-1-1, our 24/7 contact center which connects people with resources like food, housing, healthcare, senior services, childcare, and legal aid. UWBG also funds 134 programs operated by 76 nonprofit partner agencies (as of 2019-20). UWBG currently has two separate grants for which regular program reports are submitted. One of those grants is the annual “Local” grant, through which UWBG invests in programs that are based in and mainly serve residents of a specific county, although some programs may serve residents from other counties. This is an annual grant which currently has a funding cap of \$5,000 per program.

The other grant is the “Regional” grant. This is a substantially larger grant, generally well over \$5,000 per program per year, with no funding cap. Programs receiving this grant mainly (but not in every case) serve citizens of multiple counties within our regional service area. This is a four-year grant cycle.

The Community Investments (CI) department oversees the work of UWBG’s grant-funded programs and regularly collects program data. The One-Year Regional Program Report collects annual data from the Regional grant-funded programs, while the One-Year Local Program Report collects annual data from the Local grant-funded programs. This report showcases data highlights from partner agencies which submitted program reports. Note that all data marked as “unknown” by our partner agencies are excluded from percentage calculations. Also note that percentages may not total to exactly 100% due to rounding.

## Bluegrass Highlights

**123,301** people were served by our grant-funded programs over the past year (July 1, 2019 to June 30, 2020). Here's a closer look at the people served by these programs:

**46,939** served by our Regional grant-funded programs which submitted reports

- ❖ 86.3% in poverty
- ❖ 63.7% female
- ❖ 39.6% children (age ≤18)
- ❖ 22.9% age 55+
- ❖ Residence: 53.1% Fayette; 12% Clark; 11% Scott; 7.1% Out-of-Region; 4% Madison; 3.8% Jessamine; 3.8% Woodford; 2.3% Bourbon; 1.5% Montgomery; 1.3% Anderson
- ❖ 66% White; 20.9% Black; 7.8% Hispanic; 2.8% Multiracial; 1.4% Other; 0.8% Asian; 0.3% Native American
