Kyle was a part of the 2019-2020 After School Care program. His mother was concerned about her child’s reading and communication levels. He was held back in 2nd grade, and as he entered the 3rd grade he was still performing below the 3rd-grade level in reading. Once school started, he was pulled from class twice a week to focus on reading and communication skills with a tutor. By January, he reached 3rd-grade reading level and was passing all of his classes.
